SUBJECT: Recommendation for Sharpsoft: Exceptional Corporate ERP Solution Provider

When looking for a strategic System Provider for the development of a corporate ERP solution, we chose Sharpsoft. The company proved itself a reliable provider of IT services. We are pleased to mention that the work is done to the full extent, on time and on a high-quality level. It complies with the requirements due to the highly skilled implementation and support team of our chosen company. The work is fulfilled with due regard for the peculiarities of the project, namely:

- Increasing output range with high performance;
- Raised standards for the implementation rate;
- Early consideration of the system's scope and complexity when developing the solution's architecture.

We recommend Sharpsoft as a reliable company in the sphere of development and implementation of complex business solutions.
